

HÜRNER

Internal Bead Remover 300

HÜRNER Internal Bead Remover (I.D. 160 - 300mm), incl. available drive rods

for reliable removal of the bead at the joint of PE and PP pipes, for internal pipe sizes of 160 - 300 mm.

Included in the shipment are one cutting head, one variably adjustable spacer, 6 lengths of drive rod of 2.00 m each, 1 length of drive rod of 0.50 m (total length 12.50 m),

and a flexibly adjustable Tee handle rod, for utmost flexibility in the cutting process.

By adding more, optionally available 2.00 m drive rods, the drive mechanism can be extended as desired.

Optionally available is also a wireless camera

system set onto the very cutting head.

HÜRNER's internal bead remover ships in a robust wooden transport box, the drive rods, in a carrying bag, and the cutting head with accessories, in a sheet steel box with foam tray inset, for daily use on the construction site.
